(Revised Effective July 2016)  
Report for July, 2017

## Iowa Department of Human Services

---

### Effective with the **July 2016** Report.

Changes have been made to this report to provide more complete and accurate information about the households and individuals in Iowa receiving Food Assistance benefits through the federal Supplemental Nutrition Assistance Program (SNAP).

Categories for households have been renamed or added and the method used to assign households to categories changed to better reflect other types of assistance received from the Iowa Department of Human Services:

- \* If one or more individuals receiving Food Assistance also receives FIP, the household is categorized as **FA/FIP**.

- \* If no one receives FIP, but at least one individual also receives Medical Assistance, the household is categorized as **FA/Medical Assistance**.

- \* If no one receives FIP or Medical Assistance, but at least one individual receives Healthy and Well Kids in Iowa or *hawk-i* benefits, the household is categorized as **FA/hawk-i**.

- \* If no one receives FIP, Medical Assistance or *hawk-i*, the household is categorized as **FA Only**.

Categories for individuals have likewise been renamed or added. Using the same categories above, individuals are assigned based on their own circumstances. Previously, the household category was assigned to all members of the Food Assistance household, regardless of individual status. This change provides a more accurate individual count by category.

Finally, the timing for the report has changed. Previously produced at or near the end of the month, the report missed cases that were closed for any number of reasons when the report was created, only to shortly re-open. Now the report is produced mid-month after the report month. As a result, it may appear that caseloads have increased. Instead, the new report provides more complete and accurate counts by including cases missed by the old report.

Note that data for the corresponding month from the prior year was also categorized as described above allowing for an equivalent comparison to the current report month.

\* Participation Rate is the percentage of individuals at or below 160% FPL who are receiving Food Assistance in a given area (County/SA/State). It is calculated by dividing the number of Food Assistance Recipients in an area (County/SA/State) by the number of persons in that area at or below 160% of the Federal Poverty Level (as counted in the 2015 American Community Survey).
